

Buff up your Bridge

These classes will start again on **Monday September 23rd 9.30-11.30am**

Cost \$6.00 per class, \$8.00 for non-members

They are designed for players that have either taken or are taking Sue's beginner bridge or for players coming back to bridge after a long gap and wish to get the more up to date techniques. The emphasis is on "practice"and fun!!!

We will look at some common bidding conventions, when to use them and especially what happens after the first bid. In each class there will be instruction, and then hands on which to practice. Periodically there will be a game week where all the hands will require players to use one of the conventions already discussed.

You do not need a partner. The emphasis will be on playing better bridge and having fun.
